

FRESHMORE

The Freshmore Competition will test young students' engineering skills in a series of multiple timed challenges to compete against other chapters. The quickest time overall will be crowned the winner and take home the gold!

Competition Requirements:

1. Chapters will select 2-6 students to compete.
2. Only students with freshman or sophomore on their academic transcripts are eligible to compete

Rules for Competition:

The timed challenges will be revealed at the competition. The over-all fastest time wins.

All materials will be provided and nothing extra needs to be brought. Wear good shoes to be able to move around.
