YOUR PASSION. OUR PURPOSE.

POWERFULLY COMBINED.

As a Top 100 Design Firm, Walter P Moore is focused on design and consulting services for the built environment. We are widely known as drivers of innovation, pioneering industry-advancing solutions on the most complex projects. Our reinvention of deliverables is transforming industry expectations.

Our culture of continuous improvement pushes innovation through on a daily basis. We operate as a team of teams across offices and continents leveraging our diverse experts. Promoting a collaborative culture, we are consistently developing new learning programs, highlighting our team members through awards programs, and sharing information across sectors. We seek top talent who are driven by the challenge and passionate about what they can contribute to our teams and communities.

At Walter P Moore, our team members are driven to make a difference—together. Providing structural, diagnostics, civil, traffic, parking, transportation, enclosure, technology consulting, and construction engineering services, we design solutions that are cost- and resource-efficient, forward-thinking, and help support and shape communities worldwide. Founded in 1931, our 700+ professionals work across 23 U.S. offices and six international locations.
