Thank You for your Sponsorship!

Engineers ▪ Planners Scientists ▪ Surveyors

Concrete and steel, stone and earth—these are the elements of infrastructure.

BGE has brought these elements together in the service of engineering, construction, environmental services, planning, surveying, and more. But by far, the most important element of our projects is human. Community is at the heart of our mission. We are driven to ensure that our solutions endure for generations. We exist to serve.

YOUR PASSION. OUR PURPOSE.

POWERFULLY COMBINED.

As a **Top 100 Design Firm**, Walter P Moore is focused on design and consulting services for the built environment. We are widely known as drivers of innovation, pioneering industry-advancing solutions on the most complex projects. Our reinvention of deliverables is transforming industry expectations.

At Walter P Moore, our team members are driven to make a difference—together. Providing structural, diagnostics, civil, traffic, parking, transportation, enclosure, technology consulting, and construction engineering services, we design solutions that are cost- and resource-efficient, forward-thinking, and help support and shape communities worldwide. Founded in 1931, our 800+ professionals work across 24 U.S. offices and seven international locations.

WORLD'S LEADING GEO-DATA SPECIALISTS

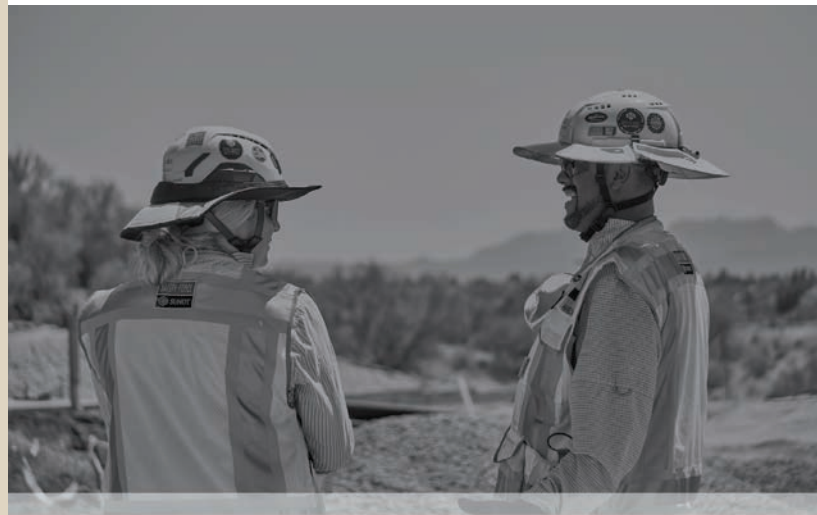

DISCOVER THE FUTURE OF GEO-DATA

Join Fugro at the ASCE Student Symposium for an immersive experience into the world of geo-data. Discover cutting-edge technologies, network with industry leaders, and explore career opportunities that will shape the future of engineering. Learn how our advanced data collection and analysis services can support your projects and research. Visit our booth for live demonstrations and interactive sessions. Empower your engineering journey with insights from the world's leading geo-data specialists!
