Jackson State University

University of Louisiana at Lafayette

Louisiana State University and A&M College

Louisiana Tech University

McNeese State University

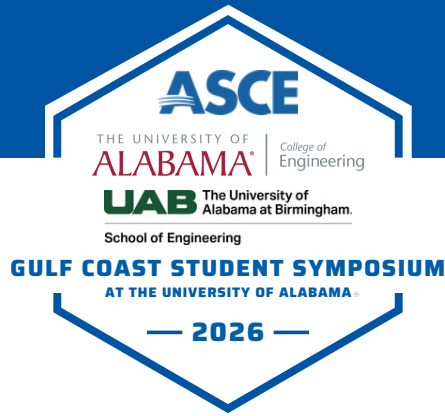

University of Mississippi

Mississippi State University

University of New Orleans

University of South Alabama

Southern University and A&M College

The University of Alabama Student Chapter of the American Society of Civil Engineers is excited to host the 2026 Gulf Coast Symposium in collaboration with The University of Alabama at Birmingham. Join us in Tuscaloosa, Alabama, March 12th - March 14th, 2026

The 2026 ASCE Gulf Coast Student Symposium will bring together over 300 civil engineering students from 15 universities. We are excited to have 20+ competitions that will provide opportunities for hands-on experience, networking, and professional growth.

A symposium of this size requires financial and human support from our civil engineering community. By getting involved, your organization will gain:

- Visibility among students and faculty across the region
- Recruiting opportunities with top talent
- The chance to give back and support the future of engineering

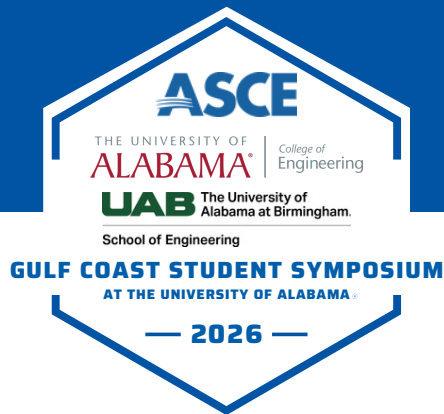

If you are interested in being a sponsor for the symposium, please review the attached package. To volunteer, contact uaasce@ua.edu.

Thank you for considering this opportunity to make a positive impact on the next generation of engineers.

Roll Tide and Go Blazers!

In-Kind Partnership Opportunities

If your organization offers a service you'd like to share, we would love the opportunity to connect. Please email us to explore how we can collaborate.

HOW TO SPONSOR

1

Get in Touch!

Reach out to uaasce@ua.edu with your contact information.

2

Let's Chat

Work with our team to find the sponsorship package that works best for your organization.

3

Choose your Payment Method

We are happy to provide multiple payment options for your convenience!

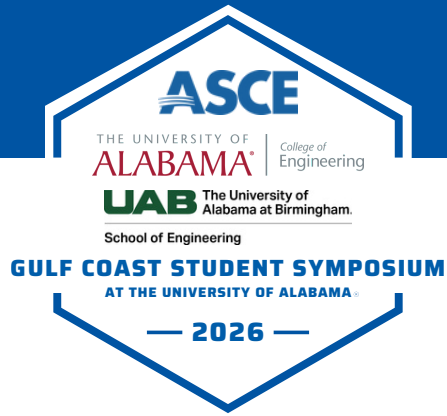

1. Credit Card: Scan the QR code below to complete your payment securely.
2. Wire Transfer or Check: Please contact abhhall@ua.edu for detailed instructions.

4

Enjoy the Symposium!

Stay up to date in the months leading up to the symposium through our website.

This year, we are excited to host 19 competitions, including Concrete Canoe, Steel Bridge, Timber-Strong, and many more. Covering disciplines from construction to structural to environmental engineering, these competitions showcase every aspect of civil engineering.

Below are photos from the 2025 ASCE Gulf Coast Student Symposium, highlighting the energy, talent, and collaboration that define this event.

Stay Connected!
We'd love to keep you up to date!
