

2025 ASCE INDIANA-KENTUCKY STUDENT SYMPOSIUM

Sponsorship and Benefits Package

The ASCE Student Symposium is a signature gathering of civil engineering students. The symposium provides students an opportunity to compete in competitions against other schools and engage with professionals. The Symposium also encourages collaboration and innovation through constructive competition against peers. The Symposium features classic competitions such as Steel Bridge and Concrete Canoe along with exciting new competition such as 3D Printed Bridge and Concrete Bowling!

Over **300 students and faculty** from more than **a dozen Indiana and Kentucky schools** join professionals to attend the symposium each year, making the event an amazing opportunity to gain brand exposure and most importantly support young civil engineers.

The 2025 ASCE Indiana-Kentucky Student Symposium will be held from **April 3 - 5, 2025** on the campus of the University of Notre Dame. Our sponsorship offerings are detailed on the following pages.

Sponsorship Tiers

The benefits of each tier are identified below with the green check marks.

Each sponsor at the blue tier or higher also has the choice of one exclusive option corresponding to the sponsorship tier. These exclusive options are listed on the next page and are on a first come first serve basis (based on date of donation being received).
