Introduction

October 15, 2021

Dear ASCE Student Chapter of the Intermountain Southwest Student Conference:

This is your **2022 Intermountain Southwest Student Symposium (ISWS) Mailer I**, the first of three packets to be sent to each of the participating ASCE Student Chapters in our Student Conference. While we fully intend for our 2022 Student Symposium to be held in person, given the unpredictability of COVID-19 variants, it is conceivable that circumstances may change. We are trying to remain flexible in our planning and recommend that you do the same. Our Student Symposium Planning Committee and ASCE will continue to monitor the situation and provide more guidance as necessary.

Further, all individuals planning and/or participating in the student symposium are responsible for complying with all campus protocols and procedures including but not limited to COVID-19 guidelines related to in-person meetings, masking, social distancing, etc., at all times in connection with planning, preparation, or participation in the student symposium. Please use all of the tools available to keep people safe and healthy.

Please carefully read through this packet and forward copies to the appropriate chairpersons in your Student Chapter. Do not delete this mailer as information given within may not be repeated in subsequent mailers. Enclosed you will find the following information:

- Receipt confirmation,
- Deadlines summary,
- Student chapter registration form,
- Tentative symposium schedule/plans,
- Competition rules and contacts, and
- Eligibility requirements for advancement to Society-wide competition finals.

Receipt of this mailer should be confirmed by emailing the enclosed form by October 30, 2021. Please note the school registration deadline is November 30, 2021.

If you have any questions, feel free to contact us at the e-mail address: isws.unlv.2022@gmail.com. All questions and answers concerning the events, rules, etc. will be posted on our web site. **Please note our website is still under construction and we intend to have it published soon. We will send an email to each participating Student Chapter once the website is available.** We will do everything possible to answer your questions in a timely manner, but please be patient – we are learning as we go.

We look forward to your participation in the inaugural Intermountain Southwest Student Symposium and providing an opportunity to engage with other student chapters and ASCE Region Leadership.

Sincerely,

Justin Sith
