

ASCE Intermountain Southwest Student Symposium

Utah April 2026

Sponsorship Package

Message To Our Sponsors

The University of Utah is proud to announce that we will be hosting the 2026 ASCE Intermountain Southwest Student Symposium from April 9–11, 2026. This three-day event will bring together over 300 civil engineering students from up to 14 universities across Utah, Idaho, Arizona, and Nevada. Students will compete in technical challenges, demonstrate their engineering skills, showcase school spirit, and connect with industry professionals.

This marks the largest event our ASCE Student Chapter has hosted, and we're thrilled to represent our civil engineering department and the University of Utah. As hosts, we are responsible for all aspects of planning and funding the event, and we can't do it without the support of partners like you.

We invite your company to join us as a sponsor of this prestigious event. Your support will help us provide a high-quality experience for every participant while giving your organization the opportunity to:

- Connect with top engineering talent
- Build brand recognition among future professionals
- Support the next generation of civil engineers

In the attached packet, you'll find a variety of sponsorship levels and engagement opportunities, including financial contributions, in-kind donations, and volunteer support. Every form of support makes a difference, and we are grateful for your consideration.

The American Society of Civil Engineers at the University of Utah (ASCE) is a Recognized Student Organization (RSO) in the Sponsored Classification at the University of Utah. ASCE is sponsored under the College of Engineering in the Civil & Environmental Engineering Department. According to Rule 6-401A: Recognized Student Organization Classification, Sponsored Student Organizations use of the University's tax identification number in accordance with University policy and have the ability to accept donations from external sources that are eligible for gift receipts from the University as outlined by the University of Utah Office of Development. The University of Utah is a tax-exempt organization located in Salt Lake City, Utah. The Employer Identification Number (EIN) for the University Of Utah is 876000525. All donations given to ASCE University of Utah Chapter will be tax-deductible.

Please don't hesitate to reach out to us at isws2026.uofu@gmail.com with any questions or to discuss how your organization can get involved. Thank you for your time and consideration. We truly appreciate your support in making the 2026 ASCE Intermountain Southwest Student Symposium a success!

Sincerely,

Sophia Speedy

Intermountain Southwest Student Symposium

The Intermountain Southwest is a subregion within ASCE Region 8, which encompasses Utah, Idaho, Arizona, Nevada, Oregon, Washington, Montana, Alaska, Hawaii, and portions of Canada. Region 8 hosts two student symposiums, one of which is the Intermountain Southwest Student Symposium (ISWS). Winners of the competitions will have the opportunity to move on and compete at the ASCE Civil Engineering Student Championships.

Sustainability & Service

Our student chapter is honored to host the ASCE Intermountain Southwest Student Symposium, an exciting and rare opportunity that occurs only once every ten years. Rather than simply highlighting engineering talent, the vision for this event centers on innovation, sustainability, and community impact. As future engineers, we share a responsibility to lead by example, making sustainability a cornerstone of the planning process. Efforts include minimizing waste by reducing single-use items, providing accessible water stations, and ensuring the availability of trash and recycling bins throughout the venue. To further reduce our environmental footprint, we encourage attendees to use public transit and shared transportation options. Beyond environmental initiatives, service and outreach are also key priorities. We are actively incorporating K–12 engagement to inspire young students and spark interest in STEM. Giving back to the local community is another central focus, with planned donation drives and collaboration with organizations such as Habitat for Humanity to repurpose leftover materials. Additionally, we are coordinating with other student chapters to repurpose Timber-Strong and Concrete Canoe materials. Through the integration of technical excellence and responsible stewardship, this symposium aims to serve not only as a celebration of engineering but also as a model for meaningful and lasting impact.

Symposium Events

At ASCE ISWS, students from across the Intermountain Southwest come together to compete in a variety of technical events that challenge their knowledge, creativity, and teamwork. Opportunities like these not only enhance our academic experience but also teach valuable lessons that shape us as future engineers. Beyond the competitions, the symposium will feature additional events aimed at enriching both students and professionals through networking, collaboration, and professional development. To learn more about the competition events and conference, visit the ASCE website at: <https://studentsymposium.asce.org/intermountain-southwest/>

ASCE National Events

- ASCE Concrete Canoe
- AISC/ASCE Steel Bridge
- Timber Strong Design-Build
- ASCE Sustainable Solutions
- ASCE UESI Surveying
- ASCE Construction Institute

Regional Events

- Ethics Paper Competition
- Concrete Bowling Ball

Other Events

- Career Fair
- Leadership Workshops
- Awards Banquet

Sponsorship Tiers

Below are several ways your company can support the ASCE Intermountain Southwest Student Symposium, including financial contributions, in-kind donations, and volunteer involvement. If you have any questions or would like to discuss how your organization can be involved, please do not hesitate to contact our planning committee. We recognize that every contribution is unique, and we deeply appreciate any support your company can provide.

Description

PROGRAM RECOGNITION

Your company logo will be featured in the symposium program distributed to all attendees.

WEBSITE LOGO

Your company logo will be displayed on the official ISWS Student Symposium website.

BANQUET SHOUT-OUT

Your support will be acknowledged during the awards banquet at the end of the ISWS symposium.

T-SHIRT LOGO

Your company logo will be printed on the back of the official symposium T-shirts.

SOCIAL MEDIA RECOGNITION

Your company will receive recognition via shout-outs on the University of Utah ASCE Student Chapter's Instagram page @uofu.asce.

CAREER FAIR

We will provide a table for your company to set up at the symposium career fair to network with students.

COMPANY BANNER

You may provide a banner (up to 4' x 8') to be displayed at the event venue.

BANQUET TICKETS

You will receive banquet invitations based on your sponsorship level, which will allow representatives to attend the awards banquet.

COMPETITION SPONSOR

Competition sponsorships are available on a first-come, first-served basis, with one sponsor per event. As a sponsor, your company will receive recognition during the specific competition and at the closing ceremony.

BANQUET SPONSOR

As a Banquet Sponsor, your company will be acknowledged during both the opening ceremony and the awards banquet. In addition, your company name and logo will be prominently displayed on a banquet banner throughout the event.

In-Kind Sponsorship

In-kind sponsorships are non-monetary contributions that directly support the success of our symposium through donated materials, supplies, or services. These donations play a vital role in reducing overall event costs and ensuring a high-quality experience for all participants. We welcome and appreciate in-kind donations of the following:

- Plywood sheets
- Printing services
- Banquet decorations
- Grab-and-go snack items
- Breakfast on concrete canoe day
- Lunch
- Event volunteers
- Competition Judges

Volunteers

This event would not be possible without the support of dedicated volunteers! The ASCE Intermountain Student Symposium is entirely organized and run by volunteers, from the early planning stages to the execution of the event itself. Volunteers play a vital role in making the symposium a success, with opportunities to serve as event judges, assist with lunch distribution, help with setup and takedown, and act as runners throughout the conference. If you or your company is interested in volunteering, please fill out the form at the end of the packet or reach out via email at isws2026.uofu@gmail.com.

Becoming a Sponsor

The 2026 ASCE Intermountain Southwest Student Symposium, proudly hosted by the University of Utah, would not be possible without the generous support of sponsors like you. We invite your company to join us in making this event a success and in fostering the education and growth of future engineers. If you're interested in contributing through a monetary donation, in-kind support, or volunteer efforts, please complete the form below. For any questions, feel free to contact us at isws2026.uofu@gmail.com.
