

MID-AMERICA STUDENT SYMPOSIUM

April 13th – 15th, 2023

Hosted by

Kansas State University

**2023 CORPORATE
SPONSORSHIP PACKAGE**

The Kansas State University Student Chapter of the American Society of Civil Engineers is pleased to announce that we are hosting the 2023 ASCE Mid-America Student Symposium, April 13th - 15th. The K-State planning team has selected the theme of *Mid-American Ingenuity* to showcase civil engineering knowledge, creativity, and passion of the participating students.

The K-State Family is stepping up to host the Mid-America Student Symposium, organize competitions, and recognize the engineering talent within our recently formed Mid-America Student Conference. The three-day symposium is expected to draw more than 300 students from 17 universities across Illinois (southern), Iowa, Kansas, Missouri, Nebraska, and South Dakota (eastern). Students will be presented with the opportunity to put their engineering skills to the test, showcase their school spirit, and network with industry professionals, all while competing for symposium titles and qualifications to Society-wide competitions.

An ASCE Student Symposium is undoubtedly one of the largest events of the year for ASCE Student Chapters. Hosting the Student Symposium would be difficult without the support of our ASCE Corporate Champions. The hosting committee is composed of K-State faculty, staff, student leaders, and alumni, and ASCE Region 7 leadership that are planning and organizing this outstanding flagship event, with the goal of providing a quality and engaging experience for our Mid-American Conference students. If you are interested in becoming an ASCE Corporate Sponsor for the 2023 Mid-America Student Symposium, please review the sponsorship packages that our planning team has assembled to determine which one is right for you or your company.

Sponsorships offers companies and individuals the ability to display their support by providing financial and in-kind donations. Sponsors will have the opportunity to promote their company, engage with engineering students, and show support within the Society. Please contact the K-State planning team at ASCE-MASS-2023@ksu.edu or visit us online at studentsymposium.asce.org/mid-america if you are interested in supporting this student-led initiative and help make a significant impact within our engineering community. Volunteering opportunities will also be made available for those that would like to participate as judges and competition coordinators. All assistance will be greatly appreciated.

Thank you for your consideration!

Hunter Meier and Isabelle McCann
Mid-America Student Symposium Co-Hosts

Scott D. Schiff, PhD
*Teaching Professor and Undergraduate Program Director
ASCE Student Chapter Faculty Advisor*

TENTATIVE EVENTS / COMPETITIONS

Symposium Events:

Welcome / Bowling Social
Lunch (April 14th)
Dinner (April 14th)
Lunch (April 15th)
Banquet (April 15th)

Society-wide Competitions

ASCE Concrete Canoe
ASCE / UESI Surveying
AISC / ASCE Student Steel Bridge
ASCE Innovation Contest
ASCE / CI Construction Engineering
ASCE Sustainable Solutions

Symposium Competitions

1st- and 2nd-year Design Challenge
Concrete Bowling Ball
Environmental
Geotechnical Engineering
Hydraulics
Meade“-ish” Paper / Presentation
FE Quiz Bowl
Transportation Engineering
3-D Printed Bridge

HOW TO BECOME A SPONSOR

- 1 EMAIL**
ASCE-MASS-2023@ksu.edu with your contact information and interest to sponsor.
- 2 WORK WITH K-STATE PLANNING TEAM**
To choose the sponsorship level and event that's right for you.
- 3 MAIL CHECK TO**
Attn: Scott D. Schiff
Department of Civil Engineering
2139 Fiedler Hall
Manhattan, KS 66506

Payable to K-State University Civil Engineering
with "ASCE Symposium Sponsor" in the memo line.
- 4 COME TO AND ENJOY THE STUDENT SYMPOSIUM**
Experience Mid-American Ingenuity at work.
