

Mailer 2 - Individual Registration & Symposium Information
2025 ASCE Mid-America Student Symposium
Hosted by University of Nebraska-Lincoln & University of Nebraska-Omaha
April 3 – April 5, 2025

January 14, 2025

Dear ASCE Student Chapter of the ASCE Mid-America Student Conference:

This is your **2025 ASCE Mid-America Student Symposium** Mailer 2, the second of three informational packets to be sent to each of the participating ASCE Student Chapters in our Student Conference.

Please carefully read this information and forward copies to the appropriate members in your ASCE Student Chapter and team members for each team competing at the student symposium. Do not delete this mailer as information given within may not be repeated in subsequent mailers. Enclosed you will find the following information:

- ◆ Individual Registration & Mailer 2 Confirmation,
- ◆ Upcoming deadlines,
- ◆ Business Meeting,
- ◆ Tentative Symposium Schedule,
- ◆ Tentative Presentation Schedule,
- ◆ Society Competition Information,
- ◆ Local Competition Information,
- ◆ Student Symposium Paper Competition,
- ◆ ASCE Eligibility Requirements
- ◆ Hotel Information.

Receipt of this mailer should be confirmed by completing the Mailer 2 Acknowledgment Form by January 30, 2025.

Please note the individual registration deadline is February 13, 2025.

If you have any questions, feel free to contact us at our general student symposium e-mail address, listed below. All symposium information such as events, mailers, policies, rules, etc. will be posted on our website and is also listed below.

We look forward to your participation in the 2025 ASCE Mid-America Student Symposium and providing an opportunity to engage with other student chapters and ASCE Region Leadership.

Sincerely,

Mia Toigo

STEP 2 - Individual Registration Form - *required*

[Individual Registration Form](#) is due before February 13, 2025.

Please visit our symposium website at [Individual Registration - Mid-America](#) to register for the 2025 ASCE Mid-America Student Symposium.

The [Individual Registration Form](#) must be filled out by *ALL individuals* attending the symposium including chapter members, team competitors, chapter spectators, guest teams, faculty advisors, volunteers, judges, and ASCE Region Leadership. The [Individual Registration Form](#) contains liability waiver information required by ASCE that must be reviewed and acknowledged by every individual attending, participating, and/or spectating at the symposium.

STEP 3 - Individual Registration Payment - *required*

Individual Registration is \$35 per person. Registration form and payment are due by February 13, 2025. After this date, the cost of individual registration increases to \$50 per person.

For individuals paying by credit card, go to: <https://marketplace.unl.edu/default/coe-asce-mid-america-student-symposium-2025.html>.

For individuals paying by check, make check payable to **University of Nebraska-Lincoln**

Business Meeting ([Eligibility Requirement](#))

The Business Meeting is tentatively scheduled to take place on Thursday, April 3, 2025 at 4:00 pm. Watch for the draft business meeting agenda that will be distributed via email to student chapters for review before the symposium.

The business meeting is the annual meeting for the Student Conference Board of Delegates. The Board of Delegates consists of two student delegates (*preferably a senior or junior in an ASCE leadership position and a sophomore in or aspiring to an ASCE leadership position*) and the faculty advisor from each student chapter.

The draft agenda will include unresolved discussion topics from the 2024 Business Meeting, the future host rotation, new business, the discussion and finalization of the Conference Policy and Procedures document, and other topics specific to the ASCE Mid-America Student Conference Region.

Each student delegate must be a member in good standing with their student chapter and ASCE. Each student chapter in the Student Conference has one vote. **At least one member of your ASCE student chapter must participate in the Business Meeting as part of the eligibility requirements to advance to finals for Concrete Canoe, Steel Bridge, Sustainable Solutions, and Surveying.**

Student Symposium Paper Competition

The ASCE Student Symposium Paper Competition emphasizes the importance of being able to write and present a paper as essential communication skills for all engineers and often necessary for advancement in your career. The competition consists of a paper submission and a presentation at the student symposium.

The topic for the 2025 ASCE Mid-America Student Symposium Paper Competition is: **Considering ethics, what role do civil engineers play in the prevention and response to an infrastructure disaster? Should an infrastructure disaster rouse civil engineers globally to advocate for more resilient protections for built infrastructure from climate-driven and/or man-made disasters?**

Consider the Francis Scott Key Bridge Collapse in Maryland, the Interstate 95 Collapse in Pennsylvania, or other infrastructure disasters. Civil engineers are responsible for planning, designing, constructing, maintaining, and operating infrastructure while protecting and advancing the health, safety, and welfare of the public. Following large infrastructure disasters, civil engineers are often placed in the public spotlight to respond and assess the cause of the disaster and how to prevent future similar events.

Submission deadline is: March 1, 2025

Submission email link is: nebraskasympsoium.2025@outlook.com

This topic is the same topic as the [Daniel W. Mead Prize for Students](#). However, the Student Symposium Paper Competition and the Daniel W. Mead Prize for Students are two separate competitions and **must be submitted separately**. The Student Symposium Paper Competition paper is due March 1 and submitted to nebraskasympsoium.2025@outlook.com. The [Daniel W. Mead Prize for Students](#) is due March 1st and submitted to student@asce.org.

*****SOCIETY-WIDE FINALS ELIGIBILITY REQUIREMENT*****

Both the paper submission and the presentation are mandatory for any ASCE Student Chapter participating in the 2025 ASCE Mid-America Student Symposium that wishes to be eligible to advance to ASCE Society-wide competition finals and SSBC National Finals. Competitions **requiring** participation include:

- ◆ ASCE Concrete Canoe Competition
- ◆ ASCE Sustainable Solutions Competition
- ◆ ASCE UESI Surveying Competition, and
- ◆ AISC/ASCE Student Steel Bridge Competition.

Note: Any papers/presentations created for any other competition do not count as an entry into the Student Symposium Paper Competition.

ASCE Society Competition Eligibility Requirements

Competitions that advance to an ASCE Society-wide Competition Finals include the ASCE Concrete Canoe Competition, ASCE Sustainable Solutions Competition, and ASCE UESI Surveying Competition. The AISC/ASCE Student Steel Bridge Competition advances to the SSBC National Finals and follows the eligibility requirements below. See [SSBC Rules](#) for more information.

The purpose of student competitions is to provide student members career-enrichment opportunities to gain hands-on, practical experience and leadership skills. Society Competitions are an important and special opportunity to showcase the engineering and professional skills of student teams. As such, mutual respect is required for all stakeholders, including competitors, judges, hosts, and guests. Invitations to the Student Symposia and the ASCE Student Civil Engineering Championships/Society-wide Competition Finals are a privilege, not a right. Failure to act professionally can result in sanctions, disqualifications, and loss of invitations. Please note that the requirements for eligibility for Society-wide competition finals are more stringent than the requirements for participation at the student symposia competitions.

ELIGIBILITY FOR STUDENT SYMPOSIUM COMPETITION

The following qualifications are required of all ASCE Student Chapters to compete at the Student Symposia Competitions:

An ASCE Student Chapter must:

1. Be in good standing with ASCE:
 - a. Have paid their annual dues, as received by ASCE, **no later than the start of their Student Symposium.**
 - b. Have submitted their student chapter's full Annual Report or EZ Annual Reporting Form **no later than February 1, 11:59 p.m. EST.**

ELIGIBILITY FOR ASCE SOCIETY-WIDE COMPETITION FINALS

The following qualifications are required of all ASCE Student Chapters in order to advance to the ASCE Society-wide Competition Finals:

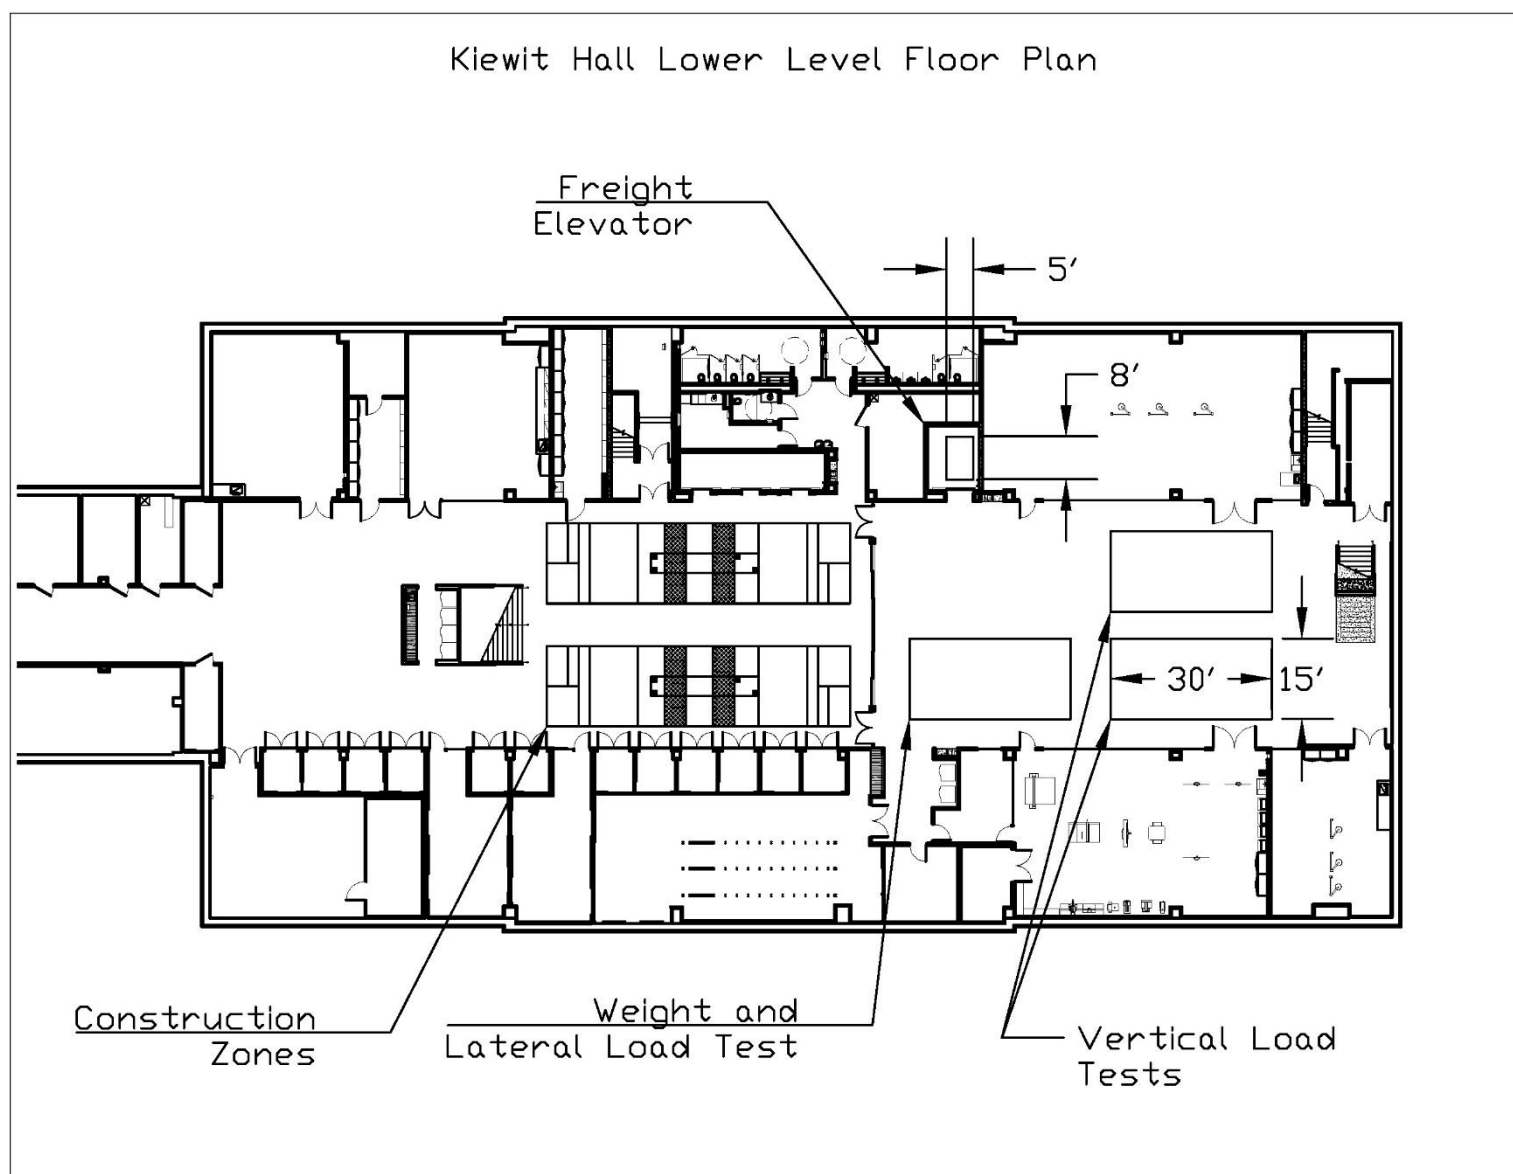

An ASCE Student Chapter must:

1. Be in good standing with ASCE:
 - a. Have paid their annual dues, as received by ASCE, no later than February 1, 11:59 p.m. EST.
 - b. Have submitted their student chapter's **full Annual Report, no later than February 1, 11:59 p.m. EST, and have received a minimum score of 25 points out of a possible 100. Student Chapters that submit an EZ annual reporting form do not qualify** to advance to competition finals; and
2. Attend and participate in their assigned Student Symposium as shown through their school's:
 - a. On-time attendance and active participation by a member of the ASCE Student Chapter at the Student Symposium Business Meeting.
 - b. Participation in the Student Symposium Paper Competition, including submission and presentation by a member of the ASCE Student Chapter. Note that any papers/presentations created for any other competition do not count as an entry into the Student Symposium Paper Competition.

Questions regarding eligibility should be directed to student@asce.org.

SSBC Local Spatial Restriction Information

This year's AISC/ASCE Student Steel Bridge Competition will be held in the basement of Kiewit Hall on the University of Nebraska-Lincoln - City Campus. Due to the dimensions of the space, the dimensions of the transportation zone have been modified. The diagrams shown below lay out the specific local conditions that will be present in this year's Mid-America competition. The Kiewit Hall Lower Level Floor Plan has been updated for Mailer 2 to reflect the maximum single object usable space in the freight elevator (5' x 8'). If additional space will be required for teams to move materials between ground level and lower level, please contact the host as soon as feasible to work out alternative arrangements.
