

November 20, 2025

Dear Sponsor,

The Southern Illinois University Student Chapters of the American Society of Civil Engineers (ASCE) is honored to host the **2026 ASCE Mid-America Student Symposium** from **April 9-11**. This prestigious event will bring together future civil engineers from universities across the region to compete, collaborate, and innovate in engineering challenges, including the ASCE Concrete Canoe and AISC/ASCE Steel Bridge Competitions.

SIUC has a proud tradition of excellence in ASCE activities. We hosted the 2018 Mid-Continent Student Conference, attended the 2018 National Student Steel Bridge Competition at the University of Illinois, hosted the 2019 Student Steel Bridge Competition National Finals, attended the 2021 Student Concrete Canoe Competition National Finals, and attended the 2024 and 2025 ASCE Mid-America Student Symposium with multiple wins. These experiences have shaped our members and prepared us to deliver an extraordinary symposium.

This year's event is co-hosted by SIU Edwardsville, whose chapter also maintains a strong record of involvement and leadership within ASCE. Together, SIUC and SIUE are collaborating to provide a seamless, high-quality symposium experience for all participating schools.

We invite you to support this momentous occasion by becoming a sponsor. Your contribution will not only enable the success of this event but also help foster the development of tomorrow's engineering leaders.

Below, we have outlined our sponsorship tiers, offering opportunities for you to gain visibility among the future leaders of civil engineering and a network of professionals and academics.

Thank you for considering this opportunity to support the SIUC ASCE Student Chapter and the engineers of tomorrow. Your generosity will make a lasting impact. Please call at (618) 663-8894 if you require any further information or have any questions about the symposium.

Sincerely,

Cordelia Lemons
Symposium Host Student Lead
SIUC ASCE Student Chapter President

Sponsorship Tiers

Maroon Level Sponsor (\$500 to \$1,000)

- Recognition in the event program and website.

Bronze Level Sponsor (\$1,000 to \$1,500)

- Maroon benefits, plus:
 - Recognition on social media.

Silver Level Sponsor (\$1,500 to \$2,500)

- Bronze benefits, plus:
 - Company logo displayed at the event.

Gold Level Sponsor (\$2,500 to \$5,000)

- Silver benefits, plus:
 - Company logo on participant materials.
 - Verbal acknowledgment during the opening and closing ceremonies.

Platinum Level Sponsor (\$5,000+)

- Gold benefits, plus:
 - Opportunity to display promotional materials at the event.
 - Priority logo placement on all event signage and materials.
 - Invitation to speak during the event.

Mailcode: 6603, 1230 Lincoln Dr.

Carbondale, IL 62901

Supporting Engineers of the Future

Your contribution directly supports the next generation of civil engineers by enabling SIUC's ASCE Student Chapter to:

- Host weekly meetings featuring alumni and industry professionals, providing students with valuable insights and networking opportunities.
- Plan and execute fundraisers, service events, and social activities that strengthen bonds among members and create a dynamic learning environment.
- Support design teams as they prepare for intercollegiate competitions, fostering innovation and collaboration.

The skills and experiences gained through ASCE membership prepare students for bright futures in civil engineering, equipping them with leadership, teamwork, and practical problem-solving skills that extend beyond the classroom.

Thank you for investing in the success of our students and helping us create a memorable and impactful 2026 ASCE Mid-America Student Symposium. Together, we can build a stronger future for civil engineering.
