March 15, 2024

Dear ASCE Student Chapter of the Mid-Pacific Student Conference:

This is your **2024 ASCE Mid-Pacific Student Symposium Mailer III**, the *last* of three packets to be sent to each of the participating ASCE Student Chapters in our Student Conference. You can find additional information on the schedule, competitions, registration, and location addresses on our student symposium website. Please read through this packet carefully and forward copies to the appropriate members in your student chapter. Do not delete this mailer as the information given within may not be in earlier mailers. Enclosed you will find the following information:

- Receipt confirmation & registration reminders,
- Safety-first culture information,
- Maps, directions, and parking information,
- Non-competition event information,
- Presentation technology and social network information,
- Final deadlines,
- Final student symposium schedule,
- Final presentation schedules,
- ASCE Pop-up Leadership Workshops information,
- ASCE competition eligibility requirements,
- Business Meeting information,
- Student Symposium Paper Competition information
- Hotel information, and
- Sponsor recognition.

#### TO DO LIST

- **STEP 1** - Submit Mailer III Receipt Confirmation (March 22)  
(See Page 2)
- **STEP 2 (if not already completed)** - Complete ASCE Individual Registration (was due Feb 15) [Link to ASCE Registration site](#)
- **STEP 3 (if not already completed)** - Submit Individual Registration Fees (late deadline March 1)
  - [Online Cashnet link](#)
  - Pay by check ([See Page 5](#))

Receipt of this mailer should be confirmed by March 22, 2024. If you have any questions, feel free to contact us at the e-mail address: [ascemidpac2024@gmail.com](mailto:ascemidpac2024@gmail.com) or ask in the appropriate category on our Discord server: <https://discord.gg/RuZyFaBhgf>.

We look forward to your participation in the 2024 ASCE Mid-Pacific Student Symposium and providing an opportunity to engage with other student chapters and ASCE Region Leadership.

Sincerely,

# SAFETY-FIRST CULTURE INFORMATION

This year ASCE, California State University, Sacramento, and the University of the Pacific are encouraging a Safety-First Culture during the symposium. We encourage all symposium participants to embrace this concept by thinking about safety in their activities coming to, returning from, and while at our symposium. We want **every** symposium participant to return home safe and healthy.

To generate a Safety-First Culture, we have designated Prof. Peter Ouchida as our symposium safety officer. Further, be on the lookout for safety information at the symposium, such as the location of first-aid supplies, who in the crowd have first-aid training and Safety Moments.

What is a Safety Moment? A Safety Moment consists of a quick discussion on an activity-specific, site-specific, or general safety topic. The Safety Moment may be presented by the leader of an activity, the symposium safety officer, or a member of the host symposium planning team. We ask that all participants give their undivided attention to the Safety Moment discussion and embrace the safety-first concept.

If an injury does occur during the symposium, it should be reported to the competition head judge, symposium safety officer, or activity leader immediately so that appropriate action can be taken based on the injury. If it is a true emergency, please call 911 first.

Contact information for the symposium safety officer and key host school representatives is listed below. Please keep this list close during the symposium and we encourage you to program the symposium safety officer's phone number into your cell phone.

## Symposium Safety Officer

Prof. Peter Ouchida, (916) 278 – 6982, [ouchida@csus.edu](mailto:ouchida@csus.edu)

As a best practice, we strongly recommend that faculty advisors keep and maintain on-hand a list of emergency contact information for their university and participating students. A SCE and the student symposium host do not collect emergency contact information from registrants.

## Host School Faculty Advisor

Prof. Peter Ouchida, (916) 278 – 6982, [ouchida@csus.edu](mailto:ouchida@csus.edu)

In the spirit of a Safety Moment, here are some safe driving habits to keep in mind as you travel to the student symposium:

- Driving at the speed limit has proven to save lives.
- Do not drive when tired. Swap drivers often.
- Minimum of two people awake at all times when wheels are rolling.
- Be aware of how larger/heavier vehicles behave when stopping or turning.
- Be aware of your surroundings when backing any vehicle, especially trailers. Better yet, avoid backing up at all, if possible.
- Use a spotter to watch when you must back up a vehicle.
- Slow down when the conditions warrant (rain, snow, darkness, pedestrians nearby).
- Perform a circle of safety around your vehicle to identify what is in your blind spots.

We hope **everyone** has a fun, healthy, and safe time at the 2024 ASCE Mid-Pacific Student Symposium.

# ASCE COMPETITION ELIGIBILITY REQUIREMENTS

Competitions that advance to an ASCE Society-wide Competitions Finals include: ASCE Concrete Canoe Competition, ASCE Sustainable Solutions Competition. The AISC/ASCE Student Steel Bridge Competition advances to the SSBC National Finals and follows the eligibility requirement. See [SSBC Rules](#) for more information.

Invitations to Student Symposia and ASCE Student Civil Engineering Championships/Society-wide Competition Finals are a privilege, not a right. Failure to act professionally can result in letters of reprimand, mandatory behavior management plans, and loss of invitations to further competition for individual institutions and/or entire conferences. Please note that the requirements for eligibility for Society-wide competition finals are more stringent than the requirements for participation at the student symposium competitions.

## Eligibility for Mid-Pacific Student Symposium Competition

The following qualifications are required of all ASCE Student Chapters to compete at the Student Symposia Competitions:

**An ASCE Student Chapter must:**

1. Be in good standing with ASCE:
  - a. Have paid their annual dues, as received by ASCE, **no later than the start of their Student Symposium.**
  - b. Have submitted their student chapter's full Annual Report or EZ Annual Reporting Form **no later than February 1, 2024, 11:59PM EST.**

## Eligibility for ASCE Society-wide Competition Finals

The following qualifications are required of all ASCE Student Chapters in order to advance to the ASCE Society-wide Competition Finals:

**An ASCE Student Chapter must:**

1. Be in good standing with ASCE:
  - a. Have paid their annual dues, as received by ASCE, **no later than February 1, 2024, 11:59PM EST.**
  - b. Have submitted their student chapter's **full Annual Report, no later than February 1, 2024 11:59PM EST** and have received a minimum score of 25 points out of a possible 100. **Student Chapters that submit an EZ annual reporting form do not qualify** to advance on to competition finals; and
2. Attend and participate in their assigned Student Symposium as shown through their school's:
  - a. On-time attendance and active participation by a member of the ASCE Student Chapter at the Student Symposium Business Meeting.
  - b. Participation in the Student Symposium Paper Competition, including submission and presentation by a member of the ASCE Student Chapter. Note that any papers/presentations created for any other competition do not count as entry into the Student Symposium Paper Competition.

Questions regarding eligibility should be directed to [student@asce.org](mailto:student@asce.org).

# BUSINESS MEETING

## ([ELIGIBILITY REQUIREMENT](#))

---

The Business Meeting is tentatively scheduled to take place on **Saturday April 6, 2024, 5:00 PM – 6:00 PM**. The draft business meeting agenda is attached. If you have additional agenda items and/or motions that your student chapter would like to be included in the agenda, please submit them to Bryan Docto and Mason Koyama at [ascemidpac2024@gmail.com](mailto:ascemidpac2024@gmail.com).

Note that the business meeting is officially the business meeting for the Student Conference Board of Delegates. The Board of Delegates consists of two student delegates (preferably a senior or junior in an ASCE leadership position and a sophomore in or aspiring to an ASCE leadership position) and the faculty advisor from each student chapter. Each student delegate must be a member in good standing with their student chapter and the Society. Each student chapter in the Student Conference has one vote. At least one member of your ASCE student chapter must participate. ([See eligibility requirements](#).) [If the agenda is going to be a part of Mailer 3, include it here or at the end of the mailer.]

# STUDENT SYMPOSIUM PAPER COMPETITION

## ([ELIGIBILITY REQUIREMENT](#))

---

This is a mandatory paper submission and presentation for any student chapter participating in the 2024 ASCE Mid-Pacific Student Symposium that wishes to be eligible to advance to ASCE Society-wide competition finals and SSBC National Finals. Competitions **requiring** this include: ASCE Concrete Canoe Competition, ASCE Sustainable Solutions Competition, ASCE UESI Surveying Competition, and AISC/ASCE Student Steel Bridge Competition.

The ASCE Student Symposium Paper Competition emphasizes the importance of being able to write and present a paper as essential communication skills for all engineers and often necessary for advancement in your career.

Participation in the Student Symposium Paper Competition, including submission and presentation by a member of the of the ASCE Student Chapter, is a requirement to be eligible to advance to an ASCE Society-wide competition finals and SSBC National Finals.

Note that any papers/presentations created for any other competition do not count as an entry into the Student Symposium Paper Competition.

The topic for the ASCE Mid-Pacific Student Symposium Paper Competition is the Daniel W. Mead Prize for Students Topic:

**Civil engineers are responsible for planning, designing, constructing, maintaining, and operating infrastructure while protecting and advancing the health, safety, and welfare of the public. Technology, particularly the use of Artificial Intelligence (AI), has the potential to change engineering in the future and design the built environment for generations. Ethical responsibilities of an engineer may or may not align with the use of AI on engineering projects. Discuss how engineers need to evaluate their ethical responsibilities as they determine whether or how to use AI to aid in their work.**

Submission deadline extended to **Friday, March 22nd by 5:00 pm Eastern (2:00 pm, Pacific)**. Late submissions will be accepted at [ascemidpac2024@gmail.com](mailto:ascemidpac2024@gmail.com), but deductions and prize eligibility will be at the discretion of the head judge for this competition.

Submission email/link is: [ascemidpac2024@gmail.com](mailto:ascemidpac2024@gmail.com)

This topic is the same topic as the [Daniel W. Mead Prize for Students](#). However, the Student Symposium Paper Competition and the Daniel W. Mead Prize for Students are two separate competitions and must be submitted separately. The Student Symposium Paper Competition paper is due March 29, 2024 and submitted to [ascemidpac2024@gmail.com](mailto:ascemidpac2024@gmail.com). The Daniel W. Mead Prize for Students is due March 1<sup>st</sup> and submitted to [student@asce.org](mailto:student@asce.org).
