University of Arkansas  
University of Arkansas at Little Rock  
University of Memphis  
University of Tennessee at Chattanooga  
University of Tennessee at Knoxville  
University of Tennessee at Martin  
Vanderbilt University

# FROM OUR STUDENTS

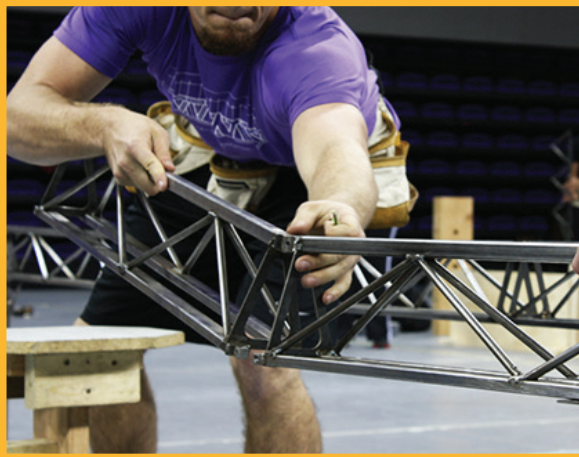

"I can see my participation in the ASCE Student Symposium benefitting my future by providing me with a simulation of real world engineering."  
— Adam Belton

"My participation in ASCE conferences has given me opportunities to work on my leadership skills, challenge myself academically through innovative projects, and introduced me to fellow engineering students across the region. Attending ASCE conferences has also allowed me to interact with leading industry professionals, providing valuable insight and information that will help me in my career following graduation."

— Lauren Brownfield

"As I'm now working as a structural engineer, I am realizing the resiliency and ability to think outside the box that is needed to work as an engineer which was taught to me by competition in the Steel Bridge competition."

— Alum, Seth Caudle
