

Sponsorship and Benefits Package

Tennessee Tech is excited to host civil and environmental engineering students from 14 schools across Arkansas and Tennessee at the annual ASCE Mid-South Student Symposium. The student chapters will have the opportunity to compete in nationwide competitions, such as the Concrete Canoe, Steel Bridge, and Sustainable Solutions, in addition to other competitions in all areas of civil engineering. The students will also participate in professional development events hosted by ASCE. Most important of all, they will make life-long connections with their current and future colleagues.

WHO:	Civil & environmental engineering students and professionals
WHAT:	ASCE Mid-South Symposium
WHERE:	Tennessee Tech—Cookeville, TN
WHEN:	April 9-11, 2026
WHY:	Support the next generation of engineers
HOW:	Generous support of donors like YOU
