

Geo-Bucket Competition

10:30 am – 12:00 pm

April 10, 2026

Cane Creek Park

This event will challenge your teamwork, creativity, and grasp of general engineering principles. Groups of up to three people will compete achieve the highest score in this geotechnical themed event.

No prior knowledge of geotechnical engineering is required; perfect for freshmen and sophomores! Successful teams will apply concepts of reinforced soil, compaction, and construction planning.

RSVP for your team along with Mailer 2, and then show up on April 10th.

Event sponsored by ECS Southeast, LLC
