**2025 ASCE Pacific Northwest  
Student Symposium**

Portland State University and the University of Portland Student Chapters of the American Society of Civil Engineers are excited to announce the

**2025 ASCE Pacific Northwest Student Symposium**

**April 3-5, 2025!**

The Portland ASCE family will be co-hosting college student participants from Alaska, Idaho, Montana, Oregon, Washington, and British Columbia in Portland, Oregon! We will be asking local engineering, construction, and related companies to support our future engineers through sponsorships and volunteering at the symposium.

The student symposium is the most important event of the year for the ASCE Student Chapters. Students from across the Pacific Northwest will convene in Portland to participate in long-established and new competitions, network with local professionals, and grow professionally. Such an event would not be possible without the support of industry volunteers and sponsors. If you are interested in supporting the 2025 ASCE Pacific Northwest Student Symposium, please review the information provided in this sponsorship package to determine which opportunities are right for your organization.

**Sponsorships will directly help cover competition costs, venue reservations, scholarships, banquet expenses, among other**

**symposium expenses that help make this event a successful and valuable experience for over 300 students.**

**ASCE Society Competitions**
