January 15, 2026

Dear ASCE Student Chapter of the ASCE Pacific Northwest Student Conference:

This is your **2026 ASCE Pacific Northwest Student Symposium** Mailer 2, the second of three informational packets to be sent to each of the participating ASCE Student Chapters in our Student Conference.

Please carefully read this information and forward copies to the appropriate members in your ASCE Student Chapter and team members for each team competing at the student symposium. Do not delete this mailer, as information given within may not be repeated in subsequent mailers. Enclosed you will find the following information:

- Individual Registration and Mailer 2 Acknowledgement Form,
- Upcoming deadlines,
- Business Meeting,
- Student Symposium Paper Competition,
- ASCE Society Competition information,
- Local competition information,
- ASCE Eligibility Requirements,
- Travel Awareness Information
- Hotel information, and
- Thank you to our sponsors!

---

*Receipt of this mailer should be confirmed by completing the Mailer 2 Acknowledgment Form by January 30, 2026  
Please note the individual registration deadline is February 27, 2026*

---

If you have any questions, feel free to contact us at our general student symposium e-mail address, listed below. All symposium information such as events, mailers, policies, rules, etc. will be posted on our website and are also listed below.

We look forward to your participation in the 2026 ASCE Pacific Northwest Student Symposium and providing an opportunity to engage with other student chapters and ASCE Region Leadership.

Sincerely,

*Joe Pavia-Jones

### **STEP 2a - Individual Registration Form - UW - *required***

Individual Registration Form for the University of Washington is due before **February 27, 2026**

Please visit our symposium website at [Individual Registration - Pacific Northwest](#) to register for the 2026 ASCE Pacific Northwest Student Symposium.

**University of Washington Individual Registration Link:**  
<https://asceforms.wufoo.com/forms/xqqqvlo0xm7d45/>

The Individual Registration Form must be filled out by ALL individuals attending the symposium including chapter members, team competitors, chapter spectators, guest teams, and faculty advisors. The Individual Registration Form contains liability waiver information required by ASCE that must be reviewed and acknowledged by every individual attending, participating, and/or spectating at the symposium.

**Separate individual registrations are required for all other events in Alaska. If you are planning on attending both in Alaska and Washington, then both forms must be filled out.**

### **STEP 2b - Individual Registration Form – UAA - *required***

Individual Registration Form for the University of Alaska Anchorage is due before **February 27, 2026**

Please visit our symposium website at [Individual Registration - Pacific Northwest](#) to register for the 2026 ASCE Pacific Northwest Student Symposium.

## **Business Meeting ([Eligibility Requirement](#))**

---

The Business Meeting is tentatively scheduled to take place on Saturday, April 18th, 2026 at 1:00 pm at UAA in Anchorage. Watch for the draft business meeting agenda that will be distributed via email to student chapters for review before the symposium.

The business meeting is the annual meeting for the Student Conference Board of Delegates. The Board of Delegates consists of two student delegates (*preferably a senior or junior in an ASCE leadership position and a sophomore in or aspiring to an ASCE leadership position*) and the faculty advisor from each student chapter.

The draft agenda will include such items as any unresolved discussion topics from the 2025 Business Meeting, the host rotation, new business, discussion of the Conference Policy and Procedures document as needed, and other topics specific to the ASCE Pacific Northwest Student Conference.

Each student delegate must be a member in good standing with their student chapter and ASCE. Each student chapter in the Student Conference has one vote. **At least one member of your ASCE student chapter must participate in the Business Meeting as part of the eligibility requirements to advance to finals for Concrete Canoe, Steel Bridge, Sustainable Solutions, and Surveying.**

If special circumstances prevent your team from attending the business meeting at UAA in person, please contact [2026pnwsymposium@gmail.com](mailto:2026pnwsymposium@gmail.com) by no later than March 1, 2026

## Student Symposium Paper Competition

---

The ASCE Student Symposium Paper Competition emphasizes the importance of being able to write and present a paper as essential communication skills for all engineers and often necessary for advancement in your career. The competition consists of a paper submission and a presentation at the student symposium.

The topic for the **2026 ASCE Pacific Northwest Student Symposium** Paper Competition: Daniel W. Mead Prize for Students Topic – [click here for topic.](#)

**Submission deadline is: March 1, 2026**

**Submission email/link is: [2026pnwsymposium@gmail.com](mailto:2026pnwsymposium@gmail.com)**

**Rubric: [Click here for the 2026 Student Symposium Paper Competition Rubric](#)**

**Time Limit for Presentations: 5 minutes per presentation plus 5 minutes Q&A**

**\*\*All papers must have a statement at the bottom attesting that, except where otherwise cited, the submission is the work of the student author and not AI or NLP. Submissions without this statement will not be considered for recognition.**

For student chapters participating in their regional student symposium, papers must be submitted to the student symposium host by March 1, 2026, using the host's preferred submission process as outlined above. A separate submission to ASCE is not required for the Daniel W. Mead Prize for Students Competition, as the student symposium submission will serve as the official entry for both the Student Symposium Paper Competition and the Mead Paper Competition. The winning paper from each student symposium will advance to the Society competition for final review, with the official national winner announced in May 2026.

### **\*\*\*\*\*SOCIETY-WIDE FINALS ELIGIBILITY REQUIREMENT\*\*\*\*\***

Both the Student Symposium Paper Competition submission and the presentation are mandatory for any ASCE Student Chapter participating in the **2026 ASCE Pacific Northwest Student Symposium** that wishes to be eligible to advance to ASCE Society-wide finals competitions and the SSBC National Finals. Competitions requiring participation include:

- ASCE Concrete Canoe Competition
- ASCE Sustainable Solutions Competition
- ASCE UESI Surveying Competition, and
- AISC/ASCE Student Steel Bridge Competition.

---

*Note: Any papers/presentations created for any other competition do not count as an entry into the Student Symposium Paper Competition.*

---

**Hosted by University of Alaska Anchorage,  
and University of Alaska Fairbanks  
April 16 – April 18, 2026**

**Concrete Canoe competition hosted by University of Washington  
April 10 – April 12, 2026**

## **ASCE Society Competition Eligibility Requirements**

---

*Competitions that advance to an ASCE Society-wide finals competition include the ASCE Concrete Canoe Competition, ASCE Sustainable Solutions Competition, and ASCE UESI Surveying Competition. The AISC/ASCE Student Steel Bridge Competition advances to the SSBC National Finals and follows the eligibility requirements below. See [SSBC Rules](#) for more information.*

*The purpose of student competitions is to provide student members with career-enrichment opportunities to gain hands-on, practical experience and leadership skills. Society Competitions are an important and special opportunity to showcase the engineering and professional skills of student teams. As such, mutual respect is required for all stakeholders, including competitors, judges, hosts, and guests. Invitations to the Student Symposia and the Society-wide finals competitions/ASCE Civil Engineering Student Championships are a privilege, not a right. Failure to act professionally can result in sanctions, disqualifications, and loss of invitations. Please note that the requirements for eligibility for Society-wide finals competitions are more stringent than the requirements for participation at the student symposia competitions.*

### **ELIGIBILITY FOR STUDENT SYMPOSIUM COMPETITION**

**The following qualifications are required of all ASCE Student Chapters to compete at the Student Symposia Competitions:**

## Travel awareness Information

---

Those traveling to Alaska will probably be traveling differently than other years. Many might be the first time flying to a competition. Things to think about when preparing to travel:

- Make sure to book flights as soon as you can, before flights get fully booked.
- Have a plan to bring items for competition.
  - Including the poster
  - Surveying and Timber Strong please contact [2026pnwsymposium@gmail.com](mailto:2026pnwsymposium@gmail.com) for special equipment needs.
- Show up for the airport hours in advance to give plenty of time to check in. **Recommend min 4 hours**
- **Be aware of Airline baggage regulation and rules**
  - Alaska airlines - <https://www.alaskaair.com/content/travel-info/baggage/checked-bags>
  - Delta Airlines - <https://www.delta.com/us/en/baggage/overview>
  - United airlines - <https://www.united.com/en/us/fly/baggage/checked-bags.html#size-weight>
- Batteries need to be put in carry-ons not check backs
  - United & Delta have 100 Wh limit per battery
  - Alaska has a 160 Wh limit per battery
- Plan ahead for renting vehicles
  - UW recommends using public transportation in Seattle

**Transporting Steel Bridges**

It is recommended that your team construct or purchase rigid boxes to transport your bridge. Soft-sided bags have not worked well in the past. Constructing boxes is a balancing act between weight and rigidity, and it is important to have a weight strategy prior to constructing boxes. Please be aware of the different airlines max sizes for baggage's and max weights, as well as any fees that go along with them.

If you have the ability to have "free bags", the cheapest method is trying to keep the luggage under 50 lbs., which means boxes themselves should be in the 12-15 lbs. range, allowing 35 lbs. of steel parts per box (requiring between 6 and 8 boxes).

If your airline charges you for each bag, we suggest boxes that are overweight but not oversized (often you will be charged for overweight and oversize separately). If you build stronger boxes that are 15-20 lbs., this allows a more efficient 80+ lbs. of steel parts per box, greatly reducing the number of boxes and baggage fees (requiring 3 or 4 boxes). Below are photos of UAA's team travel boxes for steel bridge.competition.

UAA and UAF teams every year will organize and fit all of its steel bridge parts into these wooden boxes that the team has built. Then the boxes get checked in as check bags for each of the team members traveling. All of the team's personal gear is taken in their carry-ons for the weekend. This has worked for years for the UAA team. Feel free to contact us if you want more specifics about box dimensions and hardware (including wheels).

Also note that checking in with these boxes full of steel requires special check-in and takes much longer than regular check-in, as they have to open up and inspect each box. We recommend checking in as soon as the airline lets you.

## Hotel Information in Seattle

---

We recommend booking rooms as soon as possible. Prices increase quickly, and the longer teams delay their reservations the more likely they will be to not find affordable accommodations.

Here are some hotels near the University of Washington Campus we recommend teams choose from:

- [Graduate by Hilton Seattle](#)
- [Residence Inn by Marriott Seattle](#)
