# BUSINESS MEETING

## *Eligibility Requirement*

**The Business Meeting is tentatively scheduled to take place on Friday, March 13<sup>th</sup>, at the Faculty Club on FAU Campus at 5 pm. Watch for the draft business meeting agenda that will be distributed via email to student chapters for review before the symposium.**

The business meeting is the annual meeting for the Student Conference Board of Delegates. The Board of Delegates consists of two student delegates (preferably a senior or junior in an ASCE leadership position and a sophomore in or aspiring to an ASCE leadership position) and the faculty advisor from each student chapter.

The draft agenda will include such items as any unresolved discussion topics from the 2025 Business Meeting, the host rotation, new business, discussion of the Conference Policy and Procedures document as needed, and other topics specific to the ASCE Southeast Student Conference.

Each student delegate must be a member in good standing with their student chapter and ASCE. Each student chapter in the Student Conference has one vote. At least one member of your ASCE student chapter must participate in the Business Meeting as part of the eligibility requirements to advance to finals for Concrete Canoe, Steel Bridge, Sustainable Solutions, and Surveying.

# STUDENT SYMPOSIUM PAPER COMPETITION

**The ASCE Student Symposium Paper Competition emphasizes the importance of being able to write and present a paper as essential communication skills for all engineers and often necessary for advancement in your career. The competition consists of a paper submission and a presentation at the student symposium.**

The topic for the 2026 ASCE Southeast Student Symposium Paper Competition: Daniel W. Mead Prize for Students Topic - [click here for topic](#).

**Submission Deadline:** March 1<sup>st</sup>, 2026

**Submission Email:** [FAU2026Symposium@gmail.com](mailto:FAU2026Symposium@gmail.com)

**Rubric:** [Click here for the 2026 Student Symposium Paper Competition Rubric](#)

**Time Limit:** 5 Minutes with [5 minutes of Q&A from judges](#)

All papers must have a statement at the bottom attesting that, except where otherwise cited, the submission is the work of the student author and not AI or NLP. Submissions without this statement will not be considered for recognition

For student chapters participating in their regional student symposium, papers must be submitted to the student symposium host by March 1, 2026, using the host's preferred submission process as outlined above. A separate submission to ASCE is not required for the Daniel W. Mead Prize for Students Competition, as the student symposium submission will serve as the official entry for both the Student Symposium Paper Competition and the Mead Paper Competition. The winning paper from each student symposium will advance to the Society competition for final review, with the official national winner announced in May 2026.

## **Society-Wide Finals Eligibility Requirement**

Both the Student Symposium Paper Competition submission and the presentation are mandatory for an ASCE Student Chapter participating in the 2026 ASCE Southeast Student Symposium that wishes to be eligible to advance to ASCE Society wide finals competition and the SSBC National Finals. Competitions **requiring** Participation Include.

- ASCE Concrete Canoe
- ASCE Sustainable Solutions
- ASCE UESI Surveying
- AISC/ASCE Student Steel Bridge

---

Note: Any Paper/Presentations created for any other competition do not count as an entry into the Student Symposium Paper Competition.

# ELIGIBILITY REQUIREMENTS

## ASCE Society Competition Eligibility Requirements

***Competitions that advance to an ASCE Society-wide finals competition include the ASCE Concrete Canoe Competition, ASCE Sustainable Solutions Competition, and ASCE UESI Surveying Competition. The AISC/ASCE Student Steel Bridge Competition advances to the SSBC National Finals and follows the eligibility requirements below. See [SSBC Rules](#) for more information.***

*The purpose of student competitions is to provide student members with career-enrichment opportunities to gain hands-on, practical experience and leadership skills. Society Competitions are an important and special opportunity to showcase the engineering and professional skills of student teams. As such, mutual respect is required for all stakeholders, including competitors, judges, hosts, and guests. Invitations to the Student Symposia and the Society-wide finals competitions/ASCE Civil Engineering Student Championships are a privilege, not a right. Failure to act professionally can result in sanctions, disqualifications, and loss of invitations. Please note that the requirements for eligibility for Society-wide finals competitions are more stringent than the requirements for participation at the student symposia competitions.*
