

Mailer 3 - Final Symposium Information
2025 ASCE Virginias Student Symposium
Hosted by West Virginia University Institute of Technology
March 27 – March 29, 2025

March 6, 2025

Dear ASCE Student Chapter of the ASCE Virginias Student Conference:

This is your **2025 ASCE Virginias Student Symposium** Mailer 3, the last of three informational packets to be sent to each of the participating ASCE Student Chapters in our Student Conference.

Please carefully read this information and forward copies to the appropriate members in your ASCE Student Chapter and team members for each team competing at the student symposium. Do not delete this mailer as information given within may not be repeated in subsequent mailers. Enclosed you will find the following information:

- Mailer 3 Confirmation and registration reminders,
- Safety-first culture information,
- Competition safety information,
- Business Meeting information,
- Maps, directions, and parking information,
- Non-competition event information,
- Competition presentation and display information,
- Social network information,
- Final student symposium schedule,
- Final presentation schedules,
- Final deadlines,
- Society and local competition information,
- ASCE Pop-Up Leadership Workshop information,
- Student Symposium Paper Competition information,
- ASCE Society Competition eligibility requirements,
- Sponsor recognition,
- Social Event Information, and
- ASCE Civil Engineering Student Championships T-Shirt collection

*Receipt of this mailer should be confirmed by completing the Mailer 3 Acknowledgment Form by March 12, 2025.
Please note the individual registration deadline was February 28, 2025.*

If you have any questions, feel free to contact us at our general student symposium e-mail address, listed below. All symposium information such as events, mailers, policies, rules, etc. will be posted on our website and are also listed below.

We look forward to your participation in the 2025 ASCE Virginias Student Symposium and providing an opportunity to engage with other student chapters and ASCE Region Leadership.

Sincerely,

Timothy Reynolds
President, ASCE Student Chapter

If your chapter is not participating in the 2025 ASCE Virginias Student Symposium, please email asce.virginias.symposium2025@gmail.com

If your chapter will NOT be participating in the 2025 ASCE Virginias Student Symposium, please email asce.virginias.symposium2025@gmail.com

Safety-First Culture Information

ASCE and West Virginia University Institute of Technology are encouraging a Safety-First Culture during the student symposium. We encourage all symposium participants to embrace this concept by thinking about safety in their activities coming to, returning from, and while at our symposium. We want **every** symposium participant to return home safe and healthy.

To generate a Safety-First Culture, we have designated Drew Joseph as our symposium safety officer. Further, be on the lookout for safety information at the symposium, such as the location of first-aid supplies, who in the crowd have first-aid training, and Safety Moments.

What is a Safety Moment? A Safety Moment consists of a quick discussion on an activity-specific, site-specific, or general safety topic. The Safety Moment may be presented by the leader of an activity, the symposium safety officer, or a member of the host symposium planning team. We ask that all participants give their undivided attention to the Safety Moment discussion and embrace the safety-first concept.

If an injury does occur during the symposium, it should be reported to the competition head judge, symposium safety officer, or activity leader immediately so that appropriate action can be taken based on the injury. If it is a true emergency, please call 911 first.

Contact information for the symposium safety officer and key host school representatives is listed below. Please keep this list close during the symposium and we encourage you to program the symposium safety officer's phone number into your cell phone.

Symposium Safety Officer

Drew Joseph – 304-929-1658

Host School Faculty Advisor

Kase Poling – 304-731-2967

As a best practice, we strongly recommend that faculty advisors keep and maintain on-hand a list of emergency contact information for their university and participating students. ASCE and the student symposium host do not collect emergency contact information from registrants.

In the spirit of a Safety Moment, here are some safe driving habits to keep in mind as you travel to the student symposium:

- Driving at the speed limit has proven to save lives.
- Do not drive when tired. Swap drivers often.
- A minimum of two people should always be awake when the wheels are rolling.
- Be aware of how larger/heavier vehicles behave when stopping or turning.
- Be aware of your surroundings when backing up any vehicle, especially trailers. Better yet, avoid backing up at all, if possible.
- Use a spotter to watch when you must back up a vehicle.
- Slow down when the conditions (rain, snow, darkness, pedestrians nearby) warrant it.
- Perform a circle of safety around your vehicle to identify what is in your blind spots.

Competition Safety Information

Please see the competition rules for full details. If there is a discrepancy between the rules and the information listed below, the competition rules are to be followed.

ASCE Concrete Canoe Competition: Safety gear (closed-toe water shoes and Personal Floatation Device (life jacket)) for each paddler is the responsibility of each team. ([Exhibit 9: Race Regulations & Safety](#))

AISC ASCE Student Steel Bridge Competition: Personal protective equipment is the responsibility of each team. During all construction activities, builders must wear hard hats and protective eyewear or safety goggles ([Section 10.1.6](#)). During all loading activities, competitors must wear hard hats, protective eyewear or safety goggles, work gloves, and steel toe or composite work boots that extend above the ankle ([Section 11.2.1.3](#)). The hardhats must meet ANSI standard Z89.1, and the protective eyewear or safety goggles must meet ANSI standard Z87.1

Surveying Competition: Team members are responsible for providing their own required safety equipment including closed-toe shoes and safety-colored shirts or vests to participate in the field tasks. ([Section 6: Safety](#))

Business Meeting ([Eligibility Requirement](#))

The Business Meeting is scheduled to take place on Friday, March 28, 2025, at 6:00 PM

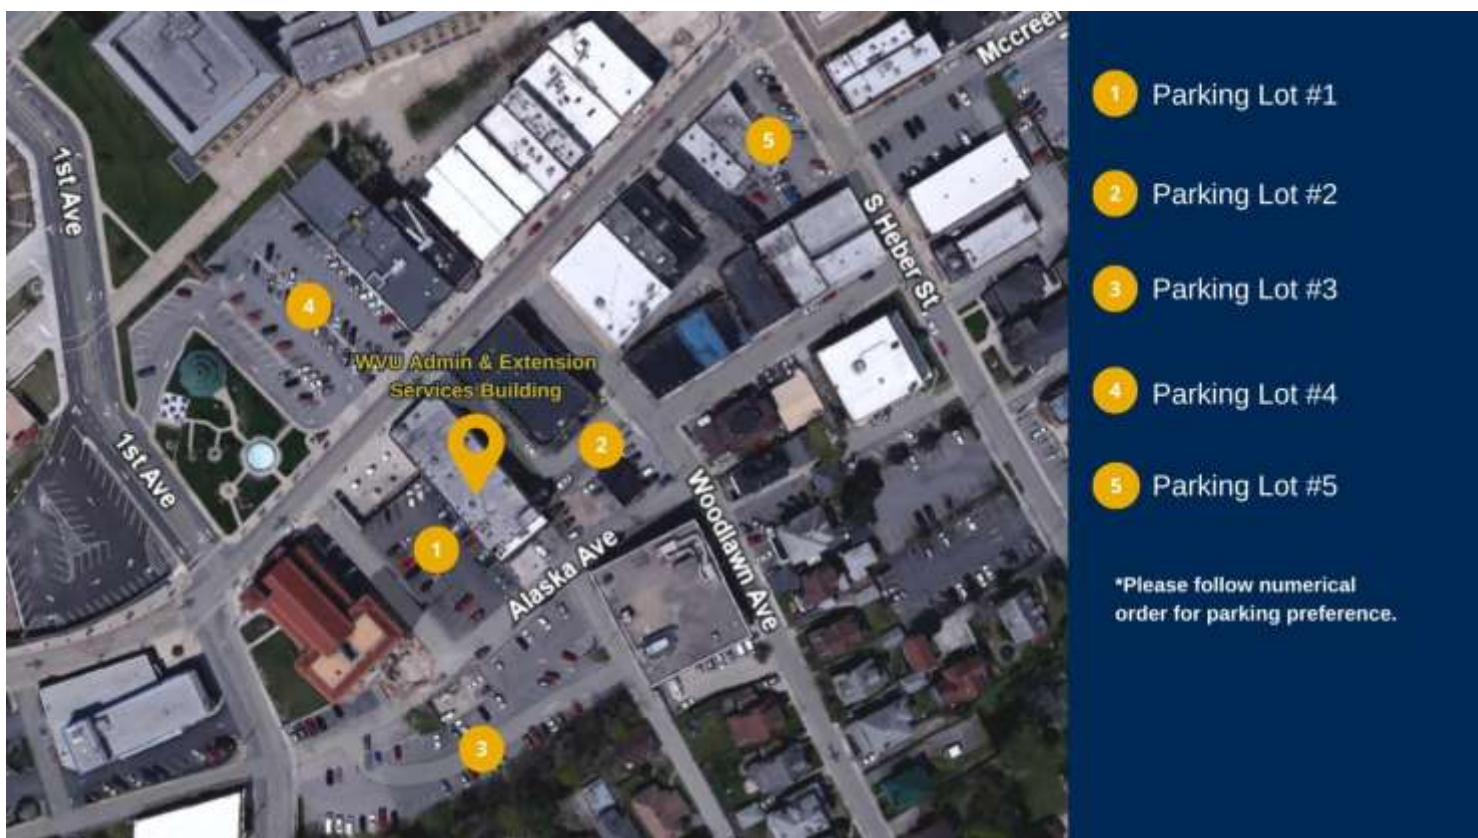

The draft business meeting agenda is attached to the Mailer 3 email. If you have additional agenda items and/or motions that your student chapter would like to be included in the agenda, please submit them to Luke Reynolds at asce.virginias.symposium2025@gmail.com by Friday, March 17, 2025.

Note that the business meeting is officially the business meeting for the Student Conference Board of Delegates. The Board of Delegates consists of two student delegates (preferably a senior or junior in an ASCE leadership position and a sophomore in or aspiring to an ASCE leadership position) and the faculty advisor from each student chapter. Each student delegate must be a member in good standing with their student chapter and the Society. Each student chapter in the Student Conference has one vote.

At least one member of your ASCE student chapter must participate in the Business Meeting as part of the eligibility requirements to advance to finals for Concrete Canoe, Steel Bridge, Sustainable Solutions, and Surveying.

- What Would You Do? Ethics & Professional Conduct: March 28, 2025, from 2:00 pm – 3:00 pm at Lake Stephens Pavillion - Room 1
- What is Your Personality Type? Understanding Each Other: March 29, 2025, from 1:00 pm – 2:00 pm at Beckley-Raleigh County Convention Center - Room C

Competition Presentation & Display Information

All Competitions: Each student team that presents is required to bring their digital presentation on a USB. The host will provide a laptop, projector equipment, and internet.

Please see the competition rules for full details. If there is a discrepancy between the rules and the information listed below, the competition rules are to be followed.

ASCE Concrete Canoe Competition: Teams are responsible for providing all necessary materials for the display portion of the competition. ([Section 7: Prototype Display Requirements](#)). Teams should bring presentations on a thumb drive for the technical presentation ([Section 8: Technical Presentation](#)).

AISC ASCE Student Steel Bridge Competition: Teams are responsible for providing all necessary materials for the aesthetic display portion of the competition. ([Section 6.2.1](#))

Surveying Competition:

Topographic Map Display: It is the responsibility of each team to bring one (1) 24-inch by 36-inch paper copy set of the topographic mapping project to the symposium, which will be used for public display at the student symposium ([Section 7.3, Paper Copy Submittals](#)). The paper copy set shall be submitted to the student symposium host at check-in. (This copy is for the public display and does not replace the required online submission due on February 24, 2025, by 5:00 pm EST.)

- Teams are encouraged to bring a standard 6ft tablecloth displaying your school's name, logo, or chapter name (*not required*). The host school will be providing standard sized tables.
- Teams should plan to stay with their topo map public display to discuss their project with spectators.

Field Task Equipment: Please refer to [Appendix D, Equipment List, in the rules](#) for a full list of required items for the competition. All items must be supplied by each individual team at the symposium competition.

Sustainable Solutions:

Poster Session: Teams will be responsible for providing their own easel for the poster presentation. You can find standard 63" poster board easels online.

- Teams will be expected to stay with their poster during the display to discuss their project with spectators.

ASCE Construction Institute Competition: All teams should come prepared with a laptop. Laptops or computers will not be provided at the competition. One per team is sufficient, but it is recommended that each participating student brings a laptop.

Student Symposium Paper Competition: See above in red

Student Symposium Paper Competition

The ASCE Student Symposium Paper Competition emphasizes the importance of being able to write and present a paper as essential communication skills for all engineers and often necessary for advancement in your career. The competition consists of a paper submission and a presentation at the student symposium.

The Marr Technical Paper Competition Paper:

Late Submission deadline: March 21, 2025 (Submissions will not be accepted after this deadline)

Submission link: <https://forms.gle/72uA4FM84rXh8xM8>

The Marr Technical Paper Competition was previously incorrectly outlined. An email was sent to all mailer recipients on February 18, 2025. If you had already submitted a Marr Technical Paper using the Daniel Mead Topic, the paper was accepted as the Marr Technical Paper. Submitting this paper is an eligibility requirement to advance to ASCE Society-wide finals. If a paper is not submitted to the 2025 ASCE Virginias Student Symposium by March 21, 2025, your chapter, and all teams within your chapter (Concrete Canoe, Steel Bridge, Sustainable Solutions and Surveying) will be ineligible to advance to Society-wide finals should they win their competition. Late submissions will result in appropriate penalties.

*****Note:** If you are submitting a paper for the national competition, Daniel W. Mead Prize for Students, this is a separate competition from any competition and those papers must be submitted to student@asce.org no later than March 1st. Submitting a paper for this competition does not satisfy the paper requirements for the ASCE Virginias Student Symposium. They are separate competitions that are in no way related.

The Hardy Cross Oratory Competition Topic:

Submission deadline: March 21, 2025 (Submissions will not be accepted after this deadline)

Submission link: <https://forms.gle/8X9opemkuAScCxri8>

The Hardy Cross Oratory Competition topic is a Civil Engineering topic of the competitors choosing. Students will research a Civil Engineering topic of their choosing. Then, at the conference, each competing student will give a report, in the form of an oral presentation, about his or her chosen topic. The Hardy Cross Oratory Competition topic is due March 21, 2025, and submitted to <https://forms.gle/8X9opemkuAScCxri8>. Late submissions will result in appropriate penalties.

*******SOCIETY-WIDE FINALS ELIGIBILITY REQUIREMENT*******

Both the paper submission and the presentation are mandatory for any ASCE Student Chapter participating in the 2025 ASCE <dropdown> Student Symposium that wishes to be eligible to advance to ASCE Society-wide competition finals and SSBC National Finals. Competitions **requiring** participation include:

- ASCE Concrete Canoe Competition
- ASCE Sustainable Solutions Competition
- ASCE UESI Surveying Competition, and
- AISC/ASCE Student Steel Bridge Competition.

Note: Any papers/presentations created for any other competition do not count as an entry into the Student Symposium Paper Competition.

ASCE Society Competition Eligibility Requirements

Competitions that advance to an ASCE Society-wide Competition Finals include the ASCE Concrete Canoe Competition, ASCE Sustainable Solutions Competition, and ASCE UESI Surveying Competition. The AISC/ASCE Student Steel Bridge Competition advances to the SSBC National Finals and follows the eligibility requirements below. See [SSBC Rules](#) for more information.

The purpose of student competitions is to provide student members career-enrichment opportunities to gain hands-on, practical experience and leadership skills. Society Competitions are an important and special opportunity to showcase the engineering and professional skills of student teams. As such, mutual respect is required for all stakeholders, including competitors, judges, hosts, and guests. Invitations to the Student Symposia and the ASCE Student Civil Engineering Championships/Society-wide Competition Finals are a privilege, not a right. Failure to act professionally can result in sanctions, disqualifications, and loss of invitations. Please note that the requirements for eligibility for Society-wide competition finals are more stringent than the requirements for participation at the student symposia competitions.

ELIGIBILITY FOR STUDENT SYMPOSIUM COMPETITION

The following qualifications are required of all ASCE Student Chapters to compete at the Student Symposia Competitions:

An ASCE Student Chapter must:

1. Be in good standing with ASCE:
 - a. Have paid their annual dues, as received by ASCE, **no later than the start of their Student Symposium.**
 - b. Have submitted their student chapter's full Annual Report or EZ Annual Reporting Form **no later than February 1, 11:59 p.m. EST.**

ELIGIBILITY FOR ASCE SOCIETY-WIDE COMPETITION FINALS

The following qualifications are required of all ASCE Student Chapters in order to advance to the ASCE Society-wide Competition Finals:

An ASCE Student Chapter must:

1. Be in good standing with ASCE:
 - a. Have paid their annual dues, as received by ASCE, no later than February 1, 11:59 p.m. EST.

Social Event Information

Social Events are no extra charge for individuals to attend. Please indicate in the Individual Registration form if you will be attending the social events. Below are descriptions of the events.

Thursday Social: New River Gorge Bridge - Bridge Walk

Bridge Walk offers guided tours of the New River Gorge Bridge from the catwalk 25' beneath the Bridge. The tours are 2-3 hours in length. After checking in, Bridge Walk guests are shuttled to the Canyon Rim Visitor's Center on the north side of the Bridge. A short path leads to the Bridge where guests enter the catwalk in the midst of the massive iron structure.

The catwalk is 24" wide with a substantial railing. Before beginning the tour, guests are securely fastened onto a safety cable making it impossible to fall from the Bridge during a tour. Bridge Walk guests walk the entire 3,030-foot length of the Bridge and then are shuttled back to the Bridge Walk headquarters. Bridge tours move along at a leisurely pace and there is plenty of time to stop for photos, and to discuss features of the Bridge, and the New River Gorge National Park and Preserve with your guide.

Cameras and phones are allowed, but they must be secured to your person. Glasses must also be secured, and lanyards for clipping valuables are available for purchase at Bridge Walk. Leave gum, food, drinks, tobacco products, unsecured car keys, and anything else you might accidentally fall back in your vehicle.

Please visit Bridge Walk's for more information on suggestions for clothing, shoes, etc.

CESC T-shirt Collection Request

The 2025 ASCE Civil Engineering Student Championships are happening at California Polytechnic State University, San Luis Obispo, from June 27th to 29th, 2025. Cal Poly SLO wants to give a shout-out to all the hard work each team puts in to compete at the symposium level and their journey toward the Society-wide finals. For the 2025 ASCE student symposia, over 800 teams are competing in the 7 Society competitions at 22 student symposia!

While you are at the ASCE Virginias Student Symposium, Cal Poly SLO is asking every ASCE student chapter to bring an extra club/symposia/project team tee shirt (or more if you can!) to your student symposium. These shirts will be collected by the host school and sent to Cal Poly SLO where they will be displayed for all the competing students, ASCE staff, judges, and committee members to check out.

You can drop off your team's shirt(s) at our Check-in table on Thursday, March 27, 2025 from 3:00 PM – 6:00 PM at the WU Admin & Extension Services Building at this location during this time], or get in touch directly with Cal Poly SLO's ASCE Civil Engineering Student Championships Host Chair, Nick Mackechnie, at nmackech@calpoly.edu.

The final display will be featured on the ASCE website this summer. Do not forget to follow Cal Poly SLO's Instagram page [@cesc2025](https://www.instagram.com/cesc2025) to keep up with the journey to the 2025 ASCE Civil Engineering Student Championships!
