

ASCE Western Great Lakes Student Symposium

Mailer 3 (Updated)

April 13, 2026

Dear ASCE Western Great Lakes Student Chapter,

This is your 2026 ASCE Student Symposium Mailer 3, the last of three informational packets to be sent to each of the participating ASCE Student Chapters in our Student Conference.

Please carefully read this information and forward copies to the appropriate members in your ASCE Student Chapter and team members for each team competing at the student symposium. Do not delete this mailer as information given within may not be repeated in subsequent mailers. Enclosed you will find the following information:

- Mailer 3 Confirmation and registration reminders,
- Safety-first culture information,
- Competition safety information,
- Business Meeting information,
- Maps, directions, and parking information,
- Non-competition event information,
- Competition presentation and display information,
- Final student symposium schedule,
- Final presentation schedules,
- Final deadlines,
- Society and local competition information,
- Student Symposium Paper Competition information,
- ASCE Society Competition eligibility requirements, and
- Sponsor recognition

If you have any questions, feel free to contact us at the email listed below. All symposium information, such as events, mailers, policies, rules, etc. will be posted on our website, also listed below.

Best,

2026 ASCE Western Great Lakes Planning Committee

COMPETITION SAFETY INFORMATION

Please see the competition rules for full details. If there is a discrepancy between the rules and the information listed below, the competition rules are to be followed.

ASCE Concrete Canoe Competition: Safety gear (closed-toe water shoes and Personal Floatation Device (life jacket)) for each paddler is the responsibility of each team. ([Exhibit 8: Race Regulations & Safety](#))

AISC ASCE Student Steel Bridge Competition: Personal protective equipment is the responsibility of each team. During all construction activities, builders must wear *hard hats* and *protective eyewear or safety goggles* ([Section 10.1.6](#)). During all loading activities, competitors must wear *hard hats, protective eyewear or safety goggles, work gloves, and steel toe or composite work boots* that extend above the ankle. Steel or composite toe caps over leather work boots are acceptable. ([Section 11.2.1.3](#)). The hardhats must meet ANSI standard Z89.1, and the protective eyewear or safety goggles must meet ANSI standard Z87.1

Surveying Competition: Team members are responsible for providing their own required safety equipment including closed-toe shoes and safety-colored shirts or vests to participate in the field tasks. ([Section 6: Safety](#))

ASCE 3D Printing Competition: Teams are responsible for providing their own eye protection, work gloves, and closed-toe shoes, which must be worn by all active participants handling the bridge and during loading and testing. ([Section 5.4.3: Safety](#))

SAFETY-FIRST CULTURE INFORMATION

ASCE, University of Minnesota, and University of St. Thomas are encouraging a Safety-First Culture during the student symposium. We encourage all symposium participants to embrace this concept by thinking about safety in their activities coming to, returning from, and while at our symposium. We want every symposium participant to return home safe and healthy.

To generate a Safety-First Culture, we have designated Travis Welt and Steven Barbachyn as our symposium safety officers. Be on the lookout for safety information at or in advance of the symposium, such as the location of first-aid supplies, who in the crowd has first-aid training and Safety Moments.

What is a Safety Moment? A Safety Moment consists of a quick discussion on an activity-specific, site-specific, or general safety topic. The Safety Moment may be presented by the leader of an activity, the symposium safety officer, or a member of the host symposium planning team. We ask that all participants give their undivided attention to the Safety Moment discussion and embrace the safety-first concept.

If an injury does occur during the symposium, it should be reported to the competition head judge, symposium safety officer, or activity leader immediately so that appropriate action can be taken based on the injury. If it is a true emergency, please call 911 first.

Contact information for the symposium safety officer and key host school representatives are listed below. Please keep this list close during the symposium and we encourage you to program the symposium safety officer's phone number into your cell phone.

As a best practice, we strongly recommend that faculty advisors keep and maintain on-hand a list of emergency contact information for their university and participating students. ASCE and the student symposium host do not collect emergency contact information from registrants.

In the spirit of a Safety Moment, here are some safe driving habits to keep in mind as you travel to the student symposium:

- Driving at the speed limit has proven to save lives.
- Do not drive when tired. Swap drivers often.
- Minimum of two people awake at all times when wheels are rolling.
- Be aware of how larger/heavier vehicles behave when stopping or turning.
- Be aware of your surroundings when backing up any vehicle, especially trailers. Better yet, avoid backing up at all, if possible.
- Use a spotter to watch when you must back up a vehicle.
- Slow down when the conditions warrant (rain, snow, ice, fog, darkness, pedestrians nearby).
- Perform a circle of safety around your vehicle to identify what is in your blind spots.

BUSINESS MEETING (Eligibility Requirement)

The business meeting is scheduled to take place on **Saturday, April 18th, 2026 at 4:00 pm.**

The draft business meeting agenda is attached to the email that this mailer was sent to. If you have additional agenda items and/or motions that your student chapter would like to be included in the agenda, please submit them to Nate Brandhorst at bran1811@stthomas.edu.

Note that the business meeting is officially the business meeting for the Student Conference Board of Delegates. The Board of Delegates consists of two student delegates (preferably a senior or junior in an ASCE leadership position and a sophomore in or aspiring to an ASCE leadership position) and the faculty advisor from each student chapter. Each student delegate must be a member in good standing with their student chapter and the Society. Each student chapter in the Student Conference has one vote.

At least one member of your ASCE student chapter must participate in the Business Meeting as part of the eligibility requirements to advance to finals for Concrete Canoe, Steel Bridge, Sustainable Solutions, and Surveying.

COMPETITION PRESENTATION & DISPLAY INFORMATION

All Competitions: Each student team that presents is required to either bring a laptop with connection equipment to a desktop connected to projector equipment or the ability to email a presentation to a student volunteer.

Please see the competition rules for full details. If there is a discrepancy between the rules and the information listed below, the competition rules are to be followed.

ASCE Concrete Canoe Competition: Teams are responsible for providing all necessary materials for the display portion of the competition. ([Section 7: Prototype Display Requirements](#)).

AISC ASCE Student Steel Bridge Competition: Teams are responsible for providing all necessary materials for the aesthetic display portion of the competition. ([Section 6.2.1](#))

Surveying Competition:

Topographic Map Display: It is the responsibility of each team to bring one (1) 24-inch by 36-inch paper copy set of the topographic mapping project to the symposium and give to the student symposium host at check-in, which will be used for public display at the student symposium ([Section 7.3, Paper Copy Submittals](#)). The sheets of the paper copy must match the electronic submission.

(This copy is for the public display and does not replace the required online submission due on February 23, 2026, by 5:00 pm EST.)

- Teams are encouraged to bring a standard 6ft tablecloth displaying your school's name, logo, or chapter name for the Topo Map Display Session (not required).
- Teams should plan to stay with their topo map public display to discuss their project with spectators.

Field Task Equipment: Please refer to [Appendix D, Equipment List, in the rules](#) for a full list of required items for the competition. All items must be supplied by each individual team at the symposium competition.

Sustainable Solutions: Teams will be responsible for providing their own easel for the poster presentation. You can find standard 63" poster board easels online. Easel [Example](#).

ASCE 3D Printing Competition: Teams will be responsible for providing their own easel for the poster presentation. You can find standard 63" poster board easels online. Easel [Example](#).

ASCE Construction Institute Competition: All teams should come prepared with a laptop. Laptops or computers will not be provided at the competition. [Section 8:3](#) of the rules state: Teams may bring reference materials, templates, laptops, and planning tools.

Student Symposium Paper Competition: See above note for all competitions

STUDENT SYMPOSIUM PAPER COMPETITION

The ASCE Student Symposium Paper Competition emphasizes the importance of being able to write and present a paper as essential communication skills for all engineers and often necessary for advancement in your career. The competition consists of a paper submission and a presentation at the student symposium. The topic for the 2026 ASCE Western Great Lakes Student Symposium Paper Competition: Daniel W. Mead Prize for Students Topic – [click here for topic](#).

- Submission deadline: March 1, 2026
 - Papers submitted after the March 1st deadline will be accepted and permitted to present at the student symposium. Late submissions may be subject to a deduction and will not be eligible for consideration for the National Daniel W. Mead Prize for Student Competition, regardless of final placement at the student symposium. Late submissions may be subject to a deduction.
- Rubric: [Click here for the 2026 Student Symposium Paper Competition Rubric](#)
- Time Limit for Presentations: 10 minutes, 5 minutes for presentation and 5 minutes for Q&A

****All papers must have a statement at the bottom attesting that, except where otherwise cited, the submission is the work of the student author and not AI or NLP. Submissions without this statement will not be considered for recognition.**

For student chapters participating in their regional student symposium, papers must be submitted to the student symposium host by March 1, 2026, using the host's preferred submission process as outlined above. A separate submission to ASCE is not required for the Daniel W. Mead Prize for Students Competition, as the student symposium submission will serve as the official entry for both the Student Symposium Paper Competition and the Mead Paper Competition. The winning paper from each student symposium will advance to the Society competition for final review, with the official national winner announced in May 2026.

SOCIETY-WIDE FINALS ELIGIBILITY REQUIREMENT

Both the Student Symposium Paper Competition submission and the presentation are mandatory for any ASCE Student Chapter participating in the 2026 ASCE Western Great Lakes Student Symposium that wishes to be eligible to advance to ASCE Society-wide finals competitions and the SSBC National Finals.

Competitions **requiring** participation include:

- ASCE Concrete Canoe Competition
- ASCE Sustainable Solutions Competition
- ASCE UESI Surveying Competition, and
- AISC/ASCE Student Steel Bridge Competition.

Note: Any papers/presentations created for any other competition do not count as an entry into the Student Symposium Paper Competition.

Mailer 3

ASCE SOCIETY COMPETITION ELIGIBILITY REQUIREMENTS

Competitions that advance to an ASCE Society-wide finals competition include the ASCE Concrete Canoe Competition, ASCE Sustainable Solutions Competition, and ASCE UESI Surveying Competition. The AISC/ASCE Student Steel Bridge Competition advances to the SSBC National Finals and follows the eligibility requirements below. See [SSBC Rules](#) for more information.

The purpose of student competitions is to provide student members career-enrichment opportunities to gain hands-on, practical experience and leadership skills. Society Competitions are an important and special opportunity to showcase the engineering and professional skills of student teams. As such, mutual respect is required for all stakeholders, including competitors, judges, hosts, and guests. Invitations to the Student Symposia and the Society-wide finals competitions/ASCE Civil Engineering Student Championships are a privilege, not a right. Failure to act professionally can result in sanctions, disqualifications, and loss of invitations. Please note that the requirements for eligibility for Society-wide finals competitions are more stringent than the requirements for participation at the student symposia competitions.

ELIGIBILITY FOR STUDENT SYMPOSIUM COMPETITION

The following qualifications are required of all ASCE Student Chapters to compete at the Student Symposia Competitions:

An ASCE Student Chapter must:

1. Be in good standing with ASCE:
 - a. Have paid their annual dues, as received by ASCE, no later than the start of their Student Symposium.
 - b. Have submitted their student chapter's full Annual Report or EZ Annual Reporting Form no later than February 1, 11:59 p.m. EST.

ELIGIBILITY FOR ASCE SOCIETY-WIDE FINALS COMPETITION

The following qualifications are required of all ASCE Student Chapters in order to advance to the ASCE Society-wide Finals Competitions:

An ASCE Student Chapter must:

1. Be in good standing with ASCE:
 - a. Have paid their annual dues, as received by ASCE, no later than February 1, 11:59 p.m. EST.
 - b. Have submitted their student chapter's full Annual Report, no later than February 1, 11:59 p.m. EST, and have received a minimum score of 25 points out of a possible 100. Student Chapters that submit an EZ annual reporting form do not qualify to advance to competition finals; and
2. Attend and participate in their assigned Student Symposium as shown through their school's:
 - a. On-time attendance and active participation by a member of the ASCE Student Chapter at the Student Symposium Business Meeting.
 - b. Participation in the Student Symposium Paper Competition, including submission and presentation by a member of the ASCE Student Chapter. Note that any papers/presentations created for any other competition do not count as an entry into the Student Symposium Paper Competition.

Questions regarding eligibility should be directed to student@asce.org.
